Soon the witch and the dragon were neck and neck.

Up, up they soared, George, the dragon and the chicken coop.

They flew faster and faster until they came to a land where everything began with Once upon a time.

They landed in a dark forest. The dragon led George through the trees until they could see a flickering light ahead.

From behind a tree they watched a witch cook toads on a dragon's flame. The dragon was only a chick, just out of the egg. It looked very sad.
