Oggy!

Oggy was a robot.
He had planned to go
travelling to Jupiter
in his U-F-O.

He packed his this.
He packed his that.
His blue guitar.
His purple cat.

It took a while
to pack it all –
his map, his hat,
his bat and ball,

his bed, his boat,
his book, his broom.
His kitchen sink?
There wasn't room.

He locked the door.
He hummed awhile.
His radars bleeped.
He smiled a smile.

He pushed the button.
Time to go!
Engine started,
revved and ohhh. . .

Space poem

The sun is like
a gold balloon

the moon
a silver pearl

the earth is like
a marble blue

the milky way
a creamy swirl.

If stars are like
those little boats

afloat a sea
of night

the dark is when
a hand comes down

and switches
off the light!
