WENDEL was
an inventor.

Sometimes his inventions
worked perfectly,
and sometimes
they didn't.

When they didn't, Wendel
just threw them away and
started again.

Wendel invented all day and
into the night. Sometimes he
was so busy inventing he
forgot to go to bed.

And he never had
time to tidy up.

Wendel's workshop
became untidier ...

and untidier ...

and UNTIDIER.

"I need some help," said Wendel to himself.

So Wendel invented a robot.

“I’ll call you Clunk,”
said Wendel.

Clunk set to work tidying
Wendel’s workshop.

He made the bed ...

folded the clothes ...

and mopped the floor.

“Oh dear,” said Wendel.
