Jenny and the
astronauts soar *up...up...up*
and away from Earth.

They whizz through
the atmosphere.

The space shuttle releases its rockets
and before they know it they're
in deep, dark, incredible space!

When they've finished, they go to the hatch.
"It's stuck," says Chen.

Jenny and Chen work away and
heave the hatch open! Phew!

"Quick, Jenny," shouts Kim.
"We need you. Robo-bot is broken!"

"Instead of cleaning, Robo-bot
is making a mess," Kim says.
