More fun on the move!

Sailing boat

Cut a triangle from stiff paper and make three holes down one side. Weave a drinking straw through the holes to make a sail. Stick modelling clay to the bottom of the straw then fix your sail onto the bottom of a plastic container. Now float your sailing boat on water!

Alphabet game

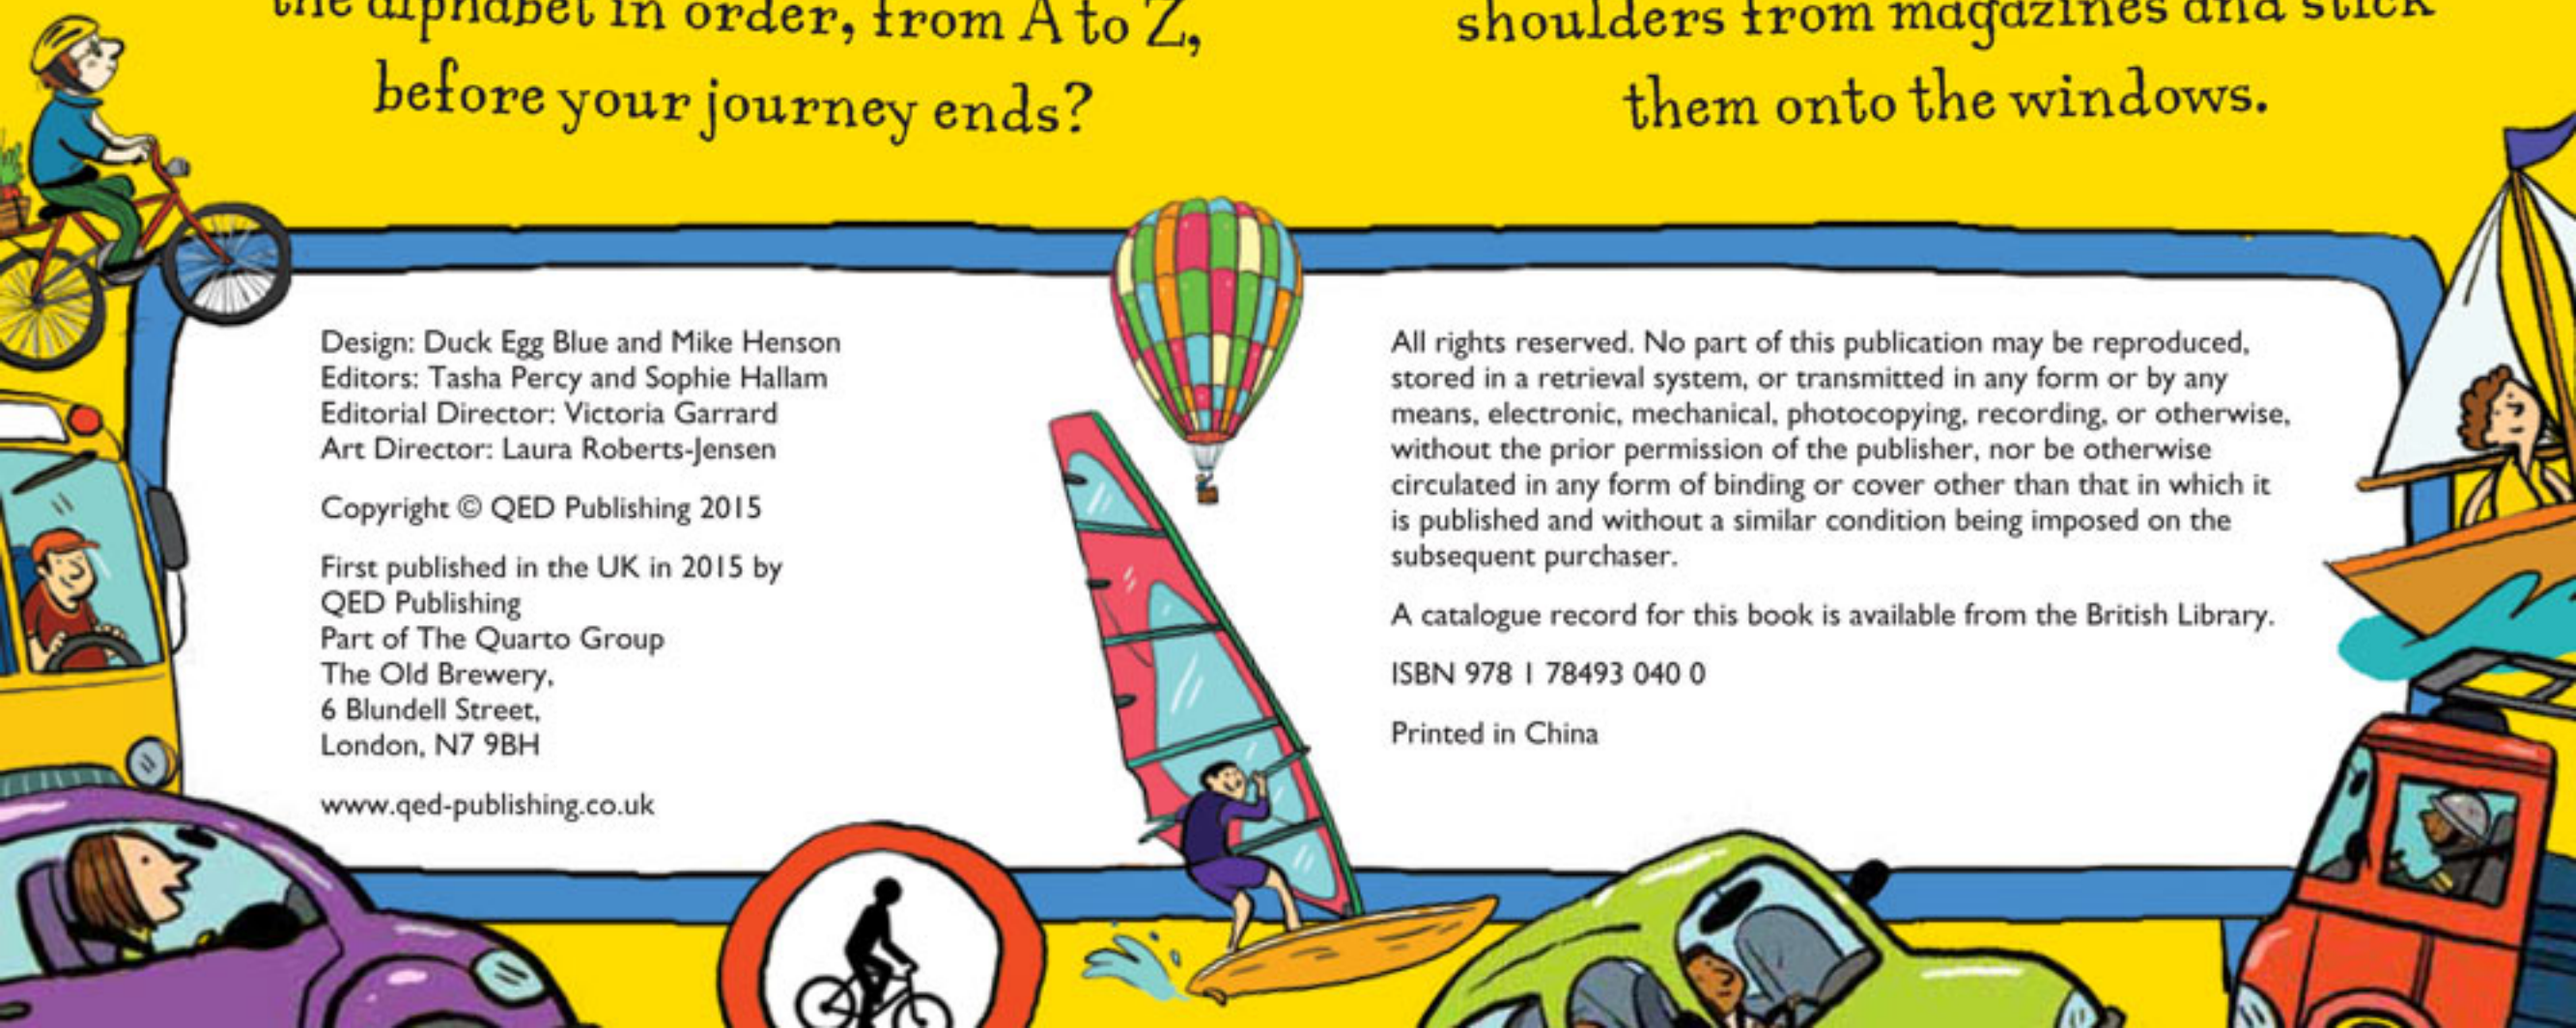

When you are on the move, look out for the letters of the alphabet on signs or car number plates. Can you find all the letters of the alphabet in order, from A to Z, before your journey ends?

Hide and seek

Choose a cuddly toy that you can hide around your home for a friend or family member to spot, just like the mouse in this book! You could hide other objects too and make a list of things to find.

Cardboard bus

Paint a cardboard box or cover it with coloured paper. Paint or draw wheels and windows onto the sides. Cut out pictures of people's heads and shoulders from magazines and stick them onto the windows.
