Please print off and read at your leisure.

Explore a world where water shimmers.
See a land where treasure glimmers.
**Lift the flaps and try to find
a matching pair of every kind!**

FIND EACH
MATCHING
PAIR OF
CRABS!

Shiny **CRABS** are on the shore.
They click-click-clack as they explore.
They're scuttling fast and scuttling slow,
they're scuttling sideways... off they go!

Can you find five starfish?

With pointy heads and curvy tails,
the **SEAHORSES** leave sandy trails.
They dance about the swirly sea,
bouncing, bobbing, merrily.

Slinky **SQUID** play hide and peep,
way down in the ocean deep.
Wiggling in and wriggling out,
wiggling, wriggling all about.

FIND EACH
MATCHING
PAIR OF
SQUID!
