Up in the sky, amongst the stars
There's something you might not see...

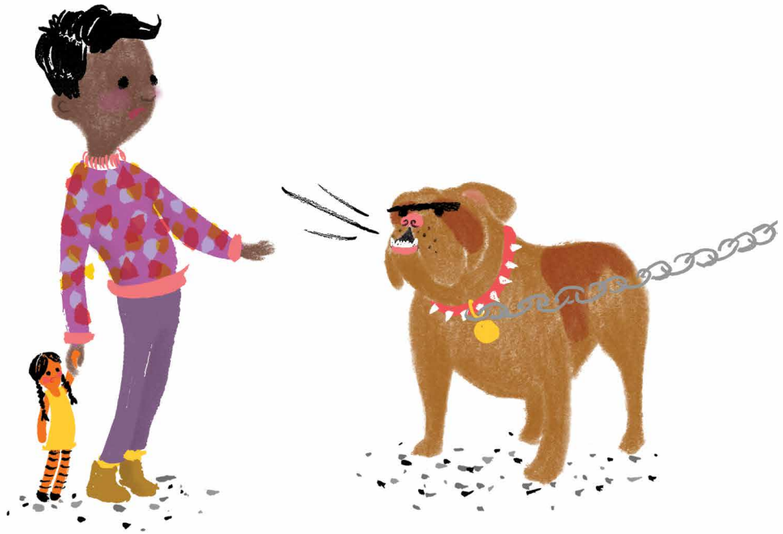

But over your head and just above
There's an umbrella of my love

To show it's you I'm thinking of
Wherever you might be.

In deepest dark...

When big dogs bark

Or waves crash loud
Is that a shark?

When friends won't share
And things aren't fair

There's always
my love umbrella.

You're feeling shy
You don't know why?

Forgot your hat
You want to cry?

Remember...
