William Bee's Wonderful World of Trucks

PAVILION

Hello. I am William Bee, and this is my Wonderful World of Trucks.

Trucks are the most useful of vehicles, and possibly the most useful truck is my fuel tanker. It carries all the fuel I need for my cars, and diggers, and tractors, and yes, all my trucks!

It carries enough fuel to fill up 2500 motorbikes, or 650 cars, or 40 of my biggest trucks.

Without this truck, none of the others would go.
