"Wheeeeeeeeeee!"
The Little Princess LOVED getting dirty.

"Wash your hands before you eat that,"
said the Queen.
"Why?" said the Little Princess.

"Because you've been playing outside,"
said the Queen.

"Wash your hands," said the King.
"Why? I've washed them TWICE,"
said the Little Princess.

"And you must wash them again
because you've just been on your potty."

"Wash your hands," said the Maid.
