Chapter One

Lola was a busy little bee who loved
to dance.
She'd jitterbug and boogie if you gave
her half a chance.

She'd shuffle all her feet, and then she'd
wiggle all her knees
So she often got in trouble with the
other, older bees.

"Lola!" they would snap at her.
"There's working to be done
From the dawning of the morning
till the setting of the sun."

"There isn't time to jitterbug; it isn't
cute or funny.
We've got to gather nectar for the
making of the honey!"

But boogie-woogie Lola Bee
simply couldn't stop
Waggling her bottom
to the **Lola Bee Bop.**

Now the nectar and the pollen for the
honey come from flowers
Which the bees must go in search of,
and then buzz around for hours.

Lola wasn't lazy; she collected nectar too.
But she'd boogie as she buzzed around;
it's what she liked to do.

She'd work as hard as any till the
working day was done
But she couldn't see a reason why her
work could not be fun.

So, she'd dance upon the roses and
she'd bop upon the nettles
And she'd waggle as she pushed her
little self between the petals.

For boogie-woogie Lola Bee
simply couldn't stop
Waggling her bottom
to the **Lola Bee Bop.**

Chapter Two

Then one day, a disaster struck. A group
of bees had flown
To their favourite field of flowers – but
the field was being mown!
