My Favourite Space 16

Green Road

"Morning kids," he growls with a smile.
The Green Road Monster is out for a while.
They say he's big and scary and green,
But only the top of his head is seen –
Under the road,
Outside our school gate,
Pokes out of the tarmac,
A hidden classmate.
Hello
Morning kids!
BARK! BARK!

Monster

Nick says he's a dragon,
Colly a snake,
Niamh a baboon,
Tom a mandrake.
A hundred feet tall,
As big as a truck,
He's eaten a kid,
He's friends with a duck.

ALL I know is he's really polite,
And each day says, "Good Morning."
Then Later, "Goodnight."
