You can't let an **elephant** pull Santa's sleigh . . .

if you want your presents on Christmas Day.  
He'll do his best to tug it up to the sky  
but the sad fact is - elephants CAN'T fly!

Never let **raccoons** decorate your tree . . .

They'd set about it with boundless glee.

For raccoons are intelligent, fast and agile -  
but they don't understand  
that baubles are **FRAGILE**.

When unwrapping **presents**, here's something to note:  
**NEVER** ask for help from a **nanny goat** . . .

She'll rip open your gifts, every one that you've got,  
then settle down happily and eat up the LOT!
