I thank the yellow and blue for green

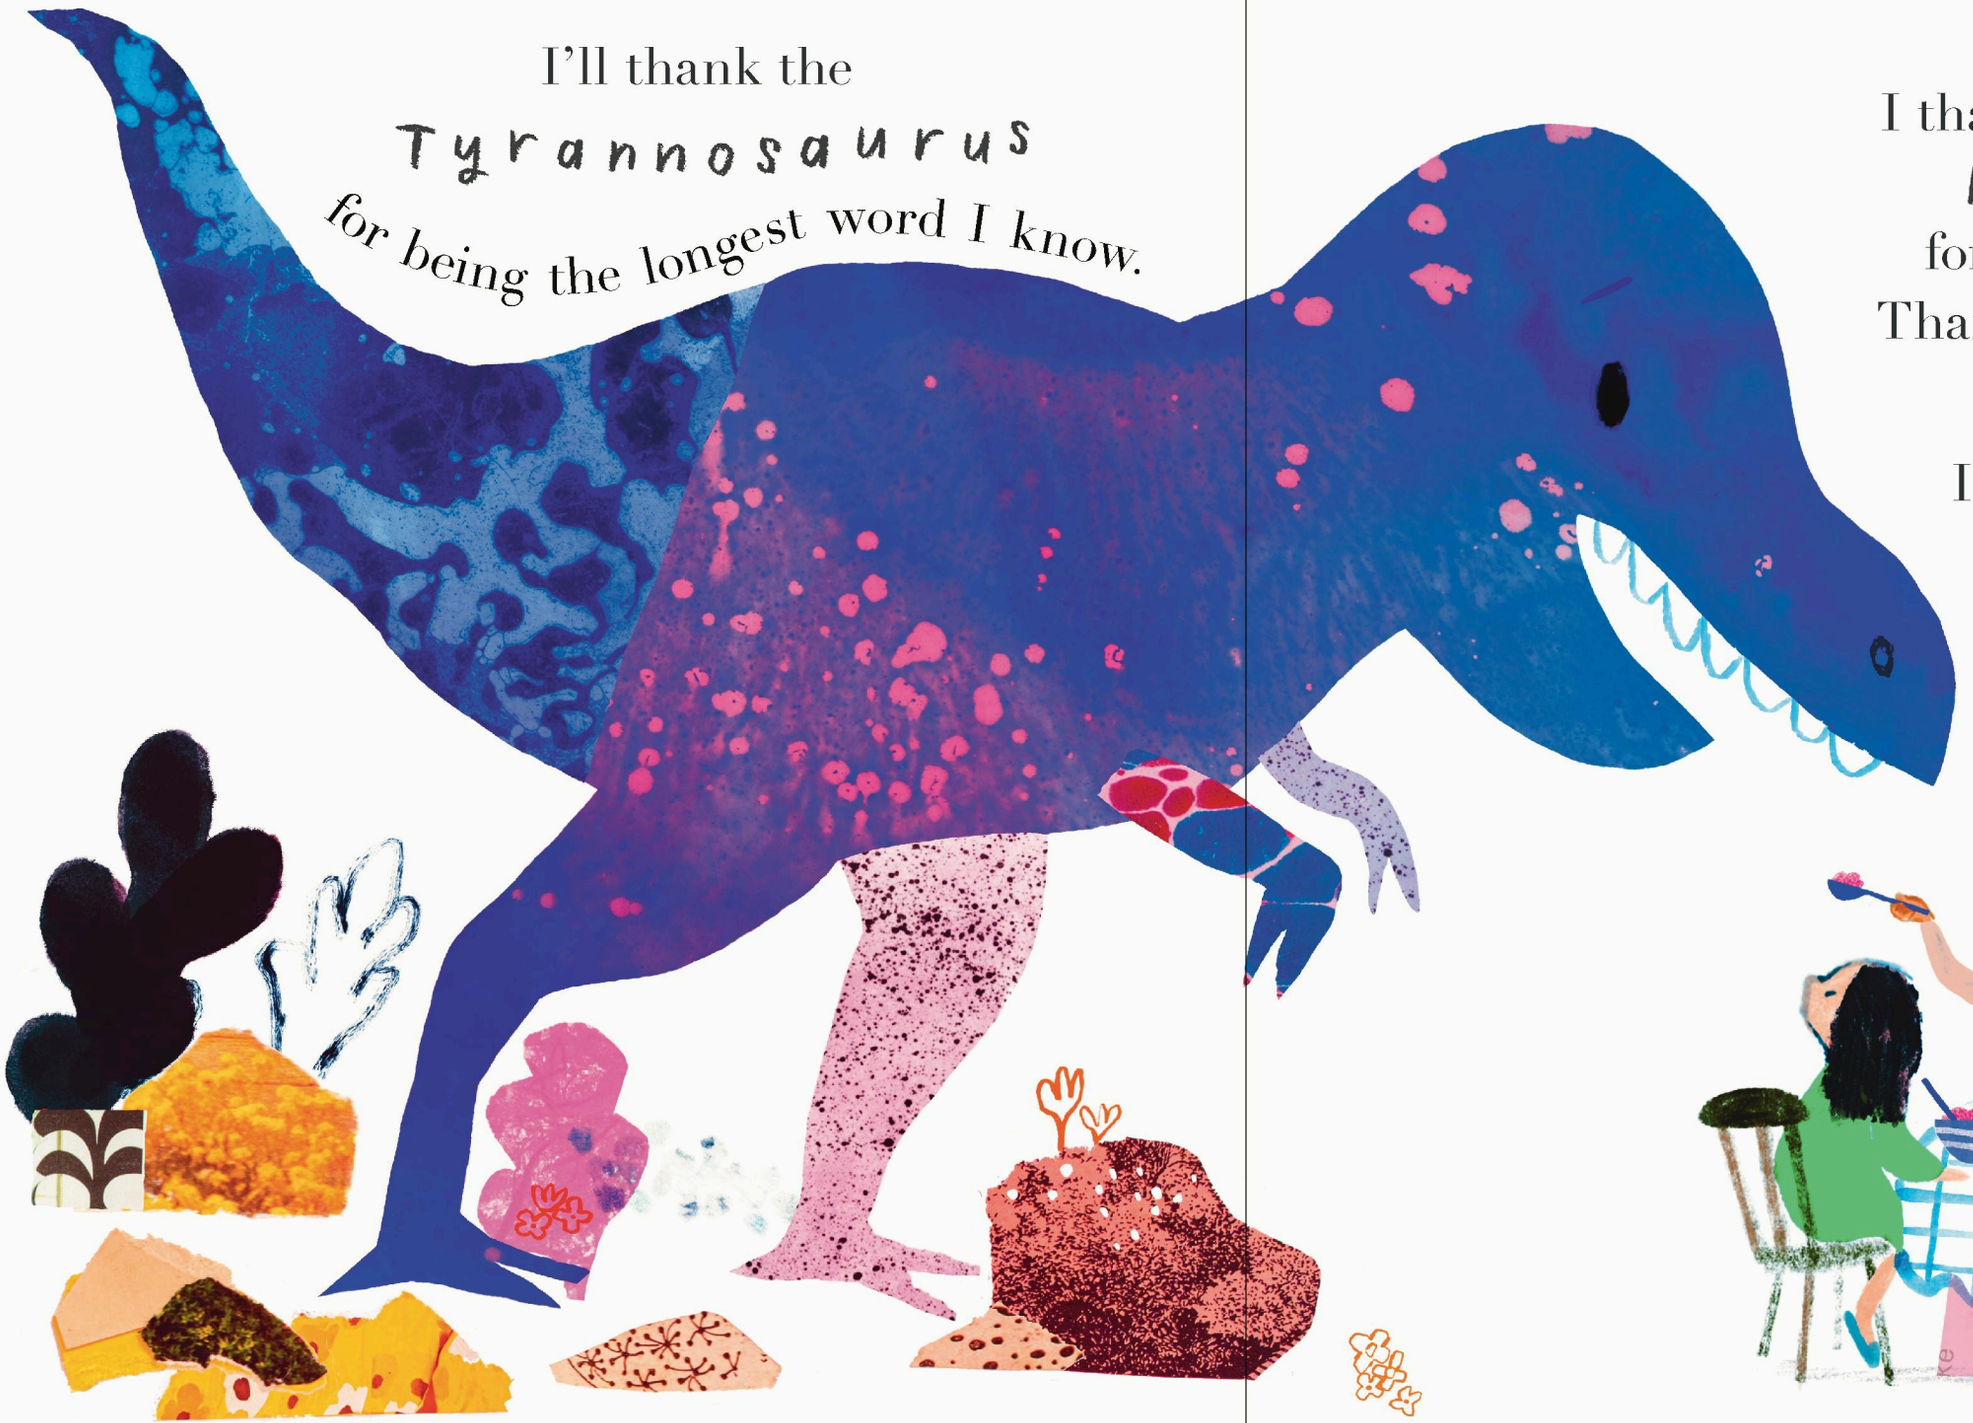

and green for letting us GO!

And I had a reason
to thank
elephants
but I seem to
have forgotten,
so...

I'll thank the
Tyrannosaurus
for being the longest word I know.

I thank the
bowl
for the jelly.
Thank you, too,
little **spoon**.

I'd also like to
thank my
belly
for making just
a little more
room.
