Playful kittens

Jake's cat, Pixie, has had a litter of kittens. Keira and Lola are meeting them for the first time. They love cuddling and playing with the cute kittens. Their fur is so soft and fluffy.

Cleaning out

Every week Kallie, Jodie and Joe clean out their hamster's cage. They scoop out the old bedding, then wash the tray and the toys with soapy water. After everything has dried, they'll put in soft, fresh wood shavings and add some cardboard for him to nibble.
