A warm hello from your home planet, Earth! I've been around for a few billion years now and I've decided it is finally time I reveal all about my exciting life so far!

Learn about my startling start!

You are here!

MY SUPERSTAR NEIGHBOURS

Creatures that once roamed my surface...

and those that still do!

My seas and oceans, and who live there!

Lurk? How rude!

even those who lurk at the bottom!

EARTHQUAKES!

Is the ground shaking?

No, just me – I'm terrified!

TREMBLE!

SHAKE!

So, does Earth have 4, 5, 6 or 7 continents?

Want to join me?

No thanks! Brr!

How I recycle...

Wheel This is fun!

Help!

and why you should too!

Discover the past, present and future of our world in this autobiographical comic-style book!
