

A warm hello from your home planet, Earth! I've been around for a few billion years now and I've decided it is finally time I reveal all about my exciting life so far!

Learn about
my startling start!

You are here!

MY SUPERSTAR NEIGHBOURS

Creatures that once
roamed my surface...

and those
that still do!

My seas and oceans,
and who live there!

even those who lurk
at the bottom!

Lurk?
How rude!

EARTHQUAKES!

Is the ground
shaking?

No, just
me - I'm
terrified!

TREMBLE!

SHAKE!

So, does Earth have
4, 5, 6 or 7 continents?

Want to
join me?

No thanks! Brrr!

How I
recycle...

and why you
should too!

Help!

Wheel! This
is fun!

Discover the past, present and future of our world in this autobiographical comic-style book!
