I love your inside

and outside.

The illustration on the right shows a child with orange skin and hair, smiling and raising their arms in a bathtub. The bathtub is grey and filled with water and many blue and white bubbles. A small brown teddy bear is sitting in the water next to the child. The background is a dark blue night sky with several large, glowing blue and white bubbles floating around. The child's head is above the water, and their arms are raised in the air.

I love your fingers

and toes,
