LET'S LOOK FOR GARDEN WILDLIFE

HOW TO USE THIS BOOK

Gardens are busy places, full of animals looking for food and bringing up their families. Many of them are hard to see and some only come out at night. Use this guide to...

...read all about the incredible creatures living in your gardenand find out what is so amazing about them.

...take outside with you to see what animals you can find and identify. Then tick off the ones you see.

...have fun playing with the wildlife stickers on the fold-out garden play scene at the back.

Easy-to-spot garden wildlife

Look out for these animals is spring, summer and autumn. It is too cold for most of them in winter.

peacock

bumblebee

blue tit

rabbit

aphid

slug

robin

ladybird

black ant

garden spider

grey squirrel

wasp

blackbird

earthworm

woodlouse

honey bee

garden snail

red admiral

Tick the animals off as you find them.
